Assumption of the Risk and Waiver of Liability Relating to Coronavirus/COVID-19

The novel coronavirus, COVID-19, has been declared a worldwide pandemic by the World Health Organization. COVID-19 is extremely contagious and is believed to spread mainly from person-to-person contact. YMCA of Ross County has put in place preventative measures to reduce the spread of COVID-19; however, YMCA of Ross County cannot guarantee that you will not become infected with COVID-19. Further, participation could increase your risk of contracting COVID-19.

READ CAREFULLY BEFORE SIGNING – INITIAL EACH PARAGRAPH

____ INITIALS By signing this agreement, I acknowledge the contagious nature of COVID-19 and voluntarily assume the risk that I may be exposed to or infected by COVID-19 by participation; and that such exposure or infection may result in personal injury, illness, permanent disability, and death. I understand that the risk of becoming exposed to or infected by COVID-19 at YMCA of Ross County may result from the actions, omissions, or negligence of myself and others, including, but not limited to, YMCA of Ross County's employees, volunteers, and program participants and their families.

____ INITIALS I voluntarily agree to assume all of the foregoing risks and accept sole responsibility for any injury to myself (including, but not limited to, personal injury, disability, and death), illness, damage, loss, claim, liability, or expense, of any kind, that I may experience or incur in connection with my participation at YMCA of Ross County. On my behalf, I hereby release, covenant not to sue, discharge, and hold harmless YMCA of Ross County, its employees, agents, and representatives, of and from the Claims, including all liabilities, claims, actions, damages, costs or expenses of any kind arising out of or relating thereto. I understand and agree that this release includes any Claims based on the actions, omissions, or negligence of YMCA of Ross County, its employees, agents, and representatives, whether a COVID-19 infection occurs before, during, or after participation at YMCA of Ross County.

____ INITIALS I represent that I have adequate insurance to cover any injury or illness I may suffer or cause while participating in this activity, or else I agree to bear the costs of such injury or illness myself. I further represent that I have no medical or physical condition which could interfere with my safety in this activity, or else I am willing to assume – and bear the costs of – all risks that may be created, directly or indirectly, by any such condition.

____ INITIALS In the event that I file a lawsuit, I agree to do so in the state where YMCA of Ross County is located, and I further agree that the substantive law of that state shall apply. I agree that if any portion of this agreement is found to be void or unenforceable, the remaining portions shall remain in full force and effect.

____ INITIALS By signing this document, I agree that if I am exposed or infected by COVID-19 during my participation in this activity, then I may be found by a court of law to have waived my right to maintain a lawsuit against the parties being released on the basis of any claim for negligence.

____ INITIALS I have had sufficient time to read this entire document and, should I choose to do so, consult with legal counsel prior to signing. Also, I understand that this activity might not be made available to me or that the cost to engage in this activity would be significantly greater if I were to choose not to sign this release, and agree that the opportunity to participate at the stated cost in return for the execution of this release is a reasonable bargain. I have read and understood this document and I agree to be bound by its terms.

____ INITIALS If I have signed a separate general waiver of liability connected to my participation at YMCA of Ross County, I agree that the terms of that waiver are wholly incorporated into this document and that the terms of this document are incorporated into the separate general waiver.

____ INITIALS I agree that I will practice safe social distancing and clean hygiene during my participation at YMCA of Ross County.

- I understand that I need to pack my child a swimsuit and towel and that my child needs to wear comfortable play clothing each day.

- I understand that under no circumstance will my child bring their own toys, which include but are not limited to: personal electronic devices, card games, other personal items. If my child does so, the staff will confiscate the item and return it to the parent at the end of the day. My child is responsible for his/her own belongings. The Ross County YMCA is not responsible for lost or stolen items.

- I understand that program fees are due every Wednesday prior to the week of attendance. Payments not made on time will be subject to a \$10.00 per week, per child late fee.

- I understand that there is a late fee of \$10.00 per child, per every 15 minutes after 6:00pm. If a child is left after 7:00pm and a parent has not made contact to the center, the staff will contact Children's Services.

- I understand that should a parent/guardian or authorized adult arrive to pick up my child who appears to be under the influence of drugs or alcohol, for the child's safety, staff may have no recourse but to contact the police. Please do not put staff in a position where they have to make this judgment call.

- I understand that the Ross County YMCA Child Development Center does not sanction, encourage, or endorse the use of YMCA employee or volunteers for non-YMCA child care activities. Such activities are outside the scope of an employee or volunteer's duties with the Ross County YMCA Child Development Center. Revised 10/2019

HOUSEHOLD LETTER - Dear Parent or Guardian

Please help us comply with the requirements of the U.S. Department of Agriculture's Child and Adult Care Food Program (CACFP) by completing the attached income eligibility application for free and reduced-price meals. All information will be treated with strict confidentiality. The CACFP provides reimbursement to the child care center for healthy meals and snacks served to children enrolled in child care. **The completion of the income eligibility application is optional.** Complete the application on the reverse side using the instructions below for your type of household. You or your children do not have to be U.S. citizens to qualify for meal benefits offered at the child care center. Households with incomes less than or equal to the reduced-price values listed on the chart at the bottom of this page are eligible for free meal benefits. An application must contain complete information to be considered for free or reduced-price meals. Households are no longer required to report changes regarding the increase or decrease of income or household size or when the household is no longer certified eligible for food assistance (SNAP) or Ohio Works First (OWF). Once approved for free or reduced-price benefits, a household will remain eligible for these benefits for a period not to exceed 12 months. During periods of unemployment, your child(ren) is eligible for meal reimbursement provided the loss of income during this time causes the family to be within eligibility standards for meals. In operation of the CACFP, no person will be discriminated against because of race, color, national origin, sex, age or disability §226.23(e)(2)(iv). If you have questions regarding the completion of this application, contact the child care center.

PART 1 – CHILD INFORMATION: ALL HOUSEHOLDS COMPLETE THIS PART (*denotes required info)

- Print the name of the child(ren) enrolled at the child care center. All children (including foster children) can be listed on the same application.
- List the enrolled child's age and birth date.
- Check box indicating if the child is a foster child. Foster children that are under the legal responsibility of the foster care agency or court are eligible for free meals. Any foster child in the household is eligible for free meals regardless of income. Attach documentation to show foster child status.

PART 2 – HOUSEHOLDS RECEIVING FOOD ASSISTANCE OR OHIO WORKS FIRST: COMPLETE THIS PART AND PART 4 – If a child is a member of a food assistance (SNAP) or OWF household, they are automatically eligible to receive free CACFP meal benefits.

Circle the type of benefit received: Food Assistance (SNAP) or Ohio Works First (OWF).

- List a current food assistance or OWF case number for each child. This will be a 7-digit number. Do not list a swipe card number.

SKIP PART 3 – Do not list names of household members or income if you listed a valid Food Assistance (SNAP) or OWF case number for each child in Part 2.

PART 3 – TOTAL HOUSEHOLD SIZE, GROSS INCOME AND HOW OFTEN RECEIVED: ALL OTHER HOUSEHOLDS COMPLETE PARTS 3 & 4.

- Write the names of all household members including yourself and the child(ren) that attends the child care center, noting any income received. A household is defined as a group of related or unrelated individuals who are living as one economic unit that share housing and/or significant income and expenses of its members. This might include grandparents, other relatives, or friends who live with you. Attach another piece of paper if you need more space to list all household members.
- Check the box for any person listed as a household member (including children) that has no income.
- For each household member, list each type of income received during the last month and list how often the money was received.
 - Earnings from work before deductions: Write the amount of total gross income each household member received the last month, before taxes/deductions or anything else is taken out (not the take-home pay) and how often it was received (weekly, every two weeks, twice per month, monthly, annually). Income is any money received on a recurring basis, including gross earned income. Households are not required to include payments received for a foster child as income. If any amount during the previous month was more or less than usual, write that person's usual monthly income. If you normally get overtime, include it, but not if you only get it sometimes. If you are in the military and your housing is part of the Military Housing Privatization Initiative and you receive the Family Subsistence Supplemental Allowance, do not include these allowances as income. Also, in regard to deployed service members, only that portion of a deployed service member's income made available by them or on their behalf to the household will be counted as income to the household. Combat pay, including Deployment Extension Incentive Pay (DEIP) is also excluded and will not be counted as income to the household. All other allowances must be included in your gross income.
 - List the amount each person got the last month from welfare, child support or alimony and list how often the money was received.
 - List the amount each person got the last month from pensions, retirement, Social Security, Supplemental Security Income (SSI), Veteran's (VA) benefits or disability benefits and list how often the money was received.
 - List all other income sources. Examples include: Worker's Compensation, strike benefits, unemployment compensation, regular contributions from people who do not live in your household, cash withdrawn from savings, interest/dividends, income from estates/trusts/investments, net royalties/annuities or any other income. Self-employed applicants should report income after expenses (net income) in column 1 under earnings from work. Business, farm or rental property report income should be entered in column 4. Do not include food assistance payments.

PART 4 – SIGNATURE AND LAST 4 DIGITS OF SOCIAL SECURITY NUMBER: ALL HOUSEHOLDS COMPLETE THIS PART (* denotes required info)

- * All applications must have the signature of an adult household member.
- * The adult signing the application must also date the form.
- * Only an application that lists income in Part 3 must have the last four digits of the social security number of the adult who signs. If the adult does not have a social security number, check the box marked, "I do not have a Social Security Number." If you listed a food assistance or OWF number for each child or if you are applying for a foster child, the last four digits of the social security number are not required.

PART 5 – RACIAL/ETHNIC IDENTITY – OPTIONAL

You are not required to answer this part in order for the application to be considered complete. This information is collected to make sure that everyone is treated fairly and will be kept confidential. No child will be discriminated against because of race, color, national origin, gender, age or disability.

NON-DISCRIMINATION STATEMENT: In accordance with Federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, the USDA, its Agencies, offices, and employees, and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, sex (including gender identity and sexual orientation), disability, age, or reprisal or retaliation for prior civil rights activity in any program or activity conducted or funded by USDA. Persons with disabilities who require alternative means of communication for program information (e.g. Braille, large print, audiotape, American Sign Language, etc.), should contact the Agency (State or local) where they applied for benefits. Individuals who are deaf, hard of hearing or have speech disabilities may contact USDA through the Federal Relay Service at (800) 877-8339. PHILOSOPHY & GOALS

The YMCA Child Development Program exists to meet the need of families to have an enriching, safe, consistent environment for their children in their toddler to school age. The program is designed to complement, not imitate, outside activities and home. One of the main components of our programs is to help children to understand and appreciate diversity.

Through our programs, the YMCA seeks to help children:

- Grow personally.
- Clarify personal values.
- Get along with others
- Grow socially, cognitively, and emotionally.
- Become better leaders.
- Develop character development traits including caring, honesty, respect, and responsibility.
- HAVE FUN!

The program's activities are designed to promote self-esteem and meet the individual developmental needs of children. The YMCA program:

- Promote physical well-being and motor development through swim instruction, gymnastics, fitness classes, gym time, outside play and more.
- Foster social and emotional development by offering children a base of warmth, security and continuity while encouraging open communication and peaceful resolution of differences.
- Provide varied approaches to learning using the children's natural curiosity and enthusiasm.
- Facilitate language development by staff example, books and story telling.
- Develop cognition and general knowledge through exploration and instruction.

Parents' needs will be met through a program that:

- Offers safe, caring, affordable child care services and is sensitive to the needs of children and families.
- Encourages communication among children, parents, and child care staff.

The Community's needs will be met by a program that:

- Provides quality child care services.
- Reflects current values and concerns.
- Utilizes existing educational and recreational resources.

YMCA CHILD CARE MISSION

The mission of the YMCA Child Care program is to foster the ongoing development of all children with quality, affordable and accessible child care programs which ensure each child a positive, safe, and nurturing environment in collaboration with families and their community.

MISSION OF THE YMCA OF ROSS COUNTY

To put Christian principles into practice through programs that build healthy spirit, mind and body for all.

Families will not be denied child care services because of their inability to pay. YMCA child care programs are contracted through the Ross County Department of Job and Family Services to provide Child Care Subsidies for families that qualify.

PROGRAM ELEMENTS

The program elements reflect both the philosophy and program objectives of the YMCA program and more specifically describe the daily environment. These include some of the following:

1. Parent's and other significant adult's involvement is expected for a successful program.
2. Many environmental elements form the basis of the child centered and evolving curriculum.

THESE ENVIRONMENTAL ELEMENTS ARE:

- A. Personal choice and accessibility of materials are used in an organized space, which fosters self-direction/skill acquisition. (For example: Time set aside to extend the activity, if child chooses).
- B. Safe, interactive experiences promote the sequence of development in all areas (social-emotional, physical, and cognitive). These include:
 - 1) Socialization activities which foster peaceful resolution of conflict and peer/adult respect through listening and helping.
 - 2) Discovery learning and problem solving opportunities which encourage many different approaches.
 - 3) Individual and group experiences which promote sensory exploration and large/small muscle development.
- C. Transitions are considered important and positive experiences for handling children's routine tasks.
- D. Small group/individual time exists for reflecting and discussing the weekly/daily active learning experiences. These interactive opportunities with peers/adults foster respect for developmental differences/background diversity.
- E. Ongoing shared information from the family, child, and teachers is used for planning the center environment/curriculum and the family-child participation activities. Assessment of children's progress is to support and guide development. Formal Assessments will be used several times through out the school year. We use the ASQ and ASQ-SE with all Preschool students. Notification will be sent home before administering assessments of any kind.

ADMISSIONS

A child is considered to be enrolled in the program only after the registration and first week's fee has been received, the administrator confirms the availability of space and the required paperwork is received. This includes basic enrollment and health information. Any change to this information must be communicated to the administrator immediately so that current information is always on file. This is for the safety of your child. A medical form signed by a physician or certified nurse practitioner is required to be submitted at the time of enrollment. This medical statement must be updated every 13 months.

GETTING USED TO THE NEW ROUTINE

It's normal for your child to have some fears and misgivings about being away from you. Children, like adults need time to get used to new situations. Try to prepare your child for the changes as far in advance as possible. Talk about some of the new people your child will meet and the new things your child will do. If your schedule allows, it may be helpful to visit and play in the classroom with your child. This will help your child become familiar with his/her new routines and teachers.

If this is the first time your child has been separated from you, it is natural for the child to be hesitant. Please do not sneak out when your child is not looking. A cheerful goodbye kiss from you, a smile, and a reassuring word that you will be back to pick them up is all that you need to do. Our caring staff will take it from there. Usually the child settles down shortly after the parent leaves. Feel free to call the center at any time to find out how your child is doing. Chances are that your child will be busy playing and you can relax.

Depending on their ages, some children will "act out" their feelings by:

1. Clinging to you and refusing to let go.
2. Having tantrums.
3. Forgetting their toilet training.
4. Not eating.
5. Waking at night or having bad dreams.
6. Thumb sucking.
7. Bedwetting.
8. Expressing desire to stay home.

Usually these problems are temporary. If you are enthusiastic about the child care center, chances are you child soon will be.

TRANSITIONS

Toddlers will have the chance to transition up to the Preschool class at the age of 36 months. Transitions are typically a week to two week mixture of time in their current classroom along with time and exposure to their new classroom. Transition time may vary for some children depending on their acclimation to the new environment.

Preschool children in the program at age 3 will have the opportunity to transition to the Pre-K classroom after their 4th birthday and also depending on when they will be age eligible for Kindergarten. If they are age eligible for Kindergarten in the fall of the next school year they will transition to the Pre-K classroom. If they turn 4 and will not be age eligible for Kindergarten the following school year, they will remain in the Preschool room until the fall before their Kindergarten start.

For Pre-K children going on to Kindergarten we strongly suggest parents participate in any back to school nights, meet the teacher events, or open houses the new school may offer for your child. We can prepare copies of any completed assessment materials as requested ahead of time.

PARENT PARTICIPATION

A key element of our program is parent involvement. Parents are strongly encouraged to volunteer their time and services in a wide variety of ways. Examples of involvement may be participation in field trips, fundraising, serving on the Parent Advisory Board, typing or writing columns in a newsletter, carpentry, repairs, and so forth. Parents are encouraged to participate in all facets of the program to make our program the best possible place for their children. Through combined efforts, the family, the child, and the program all benefit.

Parents should discuss any concerns or suggestions about the child care program with the administrator. When a parent feels the classroom staff has not addressed their concerns, the parent may discuss their concerns with the Child Care Administrator and then the Executive Director.

Parents are invited to visit our program at any time. Please come visit your child or to observe the program whenever you choose.

Talk to your teacher daily because he/she can give you the most accurate information. Teachers are available to discuss your child at any time. However, due to staff responsibilities and schedules, parents/guardians are asked to make appointments for lengthy conversations.

PARENT ROSTER

A roster will be compiled and distributed to parents upon request. Parents who do not wish to be included on a roster for distribution should check the “no” box on the enrollment form. Our program will maintain a confidential roster of all persons attending for inspection by the Ohio Department of Job and Family Services.

VISITATION

We have an open door policy. Parents may visit their child at any time. We encourage lunch or snack breaks together – of course you will be sitting in a child size chair! Taking your child “out” to lunch is another special time together.

We only ask when you observe or visit that you do not disrupt the routine. If you will be taking your child out for a brief time, please do this at completion of an activity.

Parents must always let their child’s teacher and the administrator know when they are taking a child out for a short time, and sign in/out accordingly.

ARRIVAL AND DEPARTURE

Parents/guardians must come into the center upon arrival, accompanying their child without exception. They must also sign in on the parent sign-in/out sheet, and help their child put away his/her belongings in their cubby. At the time of pick-up, parents/guardians are asked to make contact with staff so they are aware that the child is leaving. They must also sign the child out on the parent sign-in/out sheet. Remember to bring a photo ID with you the first few times, as you will be asked to present it.

Parents are required to notify the center in advance if anyone other than a parent (or person on the authorization list) comes to pick up the child. All adults may be asked to show a photo ID at any time.

CUSTODY AGREEMENTS

If there are custody issues involved with your child, you must provide the center with court papers indicating who has permission to pick up your child. The center may not deny a parent/guardian access to their child without proper documentation.

LATE PICK-UP FEES

Parents/guardian will be charged a \$10.00 per child, per 15 minute late fee. If a parent has not arrived by 6:05 PM, and has not contacted the program, staff will call the parent and then the adults listed as Emergency Contacts on the Child Enrollment and Health form to pick up the child. If those individuals cannot be reached, and the parent has not arrived by 7:00 PM, Children's Services and/or the Police may be contacted. REPEATED LATE PICKUP MAY RESULT IN DISMISSAL FROM THE PROGRAM.

DISCONTINUATION OF CHILD CARE SERVICES

The program reserves the right to terminate child care services under any of the following conditions:

- a. Failure to abide by any of the terms of the enrollment agreement or to fulfill any of the responsibilities or conditions includes herein.
- b. Severe behavior by the child which disrupts the group including repeated instances of failure to listen to his/her teacher, failure to follow classroom rules, disruptive behaviors, excessive biting, hitting and other actions requiring one on one supervision.
- c. Social or emotional needs of the child, which prohibit him/her from adapting to classroom activities.
- d. Failure of parent(s) to treat staff or other parents respectfully. Disrespect includes abusive language or behavior.
- e. Failure of parent(s) to pay weekly tuition and fees in a timely manner.

The program reserves the right to discontinue childcare services with ONLY ONE-DAY NOTICE upon the occurrence of any of the above conditions.

OUTDOOR PLAY

Research has shown that children stay healthier when they have daily outdoor play. Based on this information and state requirements, outdoor play will be included in our program on a daily basis. We will limit the amount of time outside when the temperatures are very warm or very cold. Children will not be taken outside when the temperature (wind chill and heat index factored in) drop below 25 degrees or rise above 90 degrees. If the situation requires it we will also adjust outdoor time due to rain, threatening weather, ozone warnings, etc. On days that outdoor play is not provided due to these conditions, we will include a time for indoor gross motor activities. Please send your children with the proper

clothing so they may be comfortable and safe whenever we are outside. This includes jackets, hats, mittens, and boots in the wintertime.

DAILY SCHEDULE

The daily activities of the center vary according to the age of the child. Each schedule provides for quiet and active, as well as individual and group experiences. Also, outdoor and large muscle play are planned daily. Daily Routines are posted in the parent information areas in each classroom and weekly schedules are developed to provide children with a consistent and secure environment.

While you are not here, you want to know that your child is learning, growing, and enjoying his/her day. Our staff uses knowledge of the progress of young children's thinking skills to guide our curriculum, which places attention on physical, social, emotional, and intellectual growth. Through carefully planned play activities, children master skills such as communicative and social interaction, while developing their creative and problem solving abilities. Classrooms are child-centered and arranged to provide learning areas where children are encouraged to choose their own activities. Teachers develop lesson plans that offer children many opportunities to experiment. The curriculum includes activities in art, literacy, math, music, dramatic play, large and small motor development, science, language, and social skills. The teacher facilitates the child's learning and curiosity by rotating classroom materials.

CHILDREN WITH SPECIAL NEEDS

It is the intent of the YMCA of Ross County to include children with special needs in activities to the greatest extent possible. Recognizing limitations due to a child's special need is important and, with this in mind, the YMCA will make every attempt to adapt program activities, staffing, and facilities through reasonable accommodation, unless the accommodation imposes hardship on the YMCA. If your child requires an accommodation, please discuss it with the director.

It is recommended that a family member (or caregiver) tour the facility with the appropriate YMCA staff, along with the child with the special need, before the first day of child care services. This provides the family with an opportunity to observe the program, facility, and staff. This also allows the staff to learn what can be done to enhance the child's involvement in the program.

VOLUNTEERS

The staff welcomes volunteers. The administrator works to recruit and train volunteers who contribute to the quality of the program. Classroom volunteers are to support the staff and are never left in charge of a group of children.

ILLNESS POLICY

We strive to maintain a safe and healthy atmosphere where all children receive the best possible care. We ask your support in minimizing the spread of illness among children in the program. Please keep your child home when they are ill.

As a general rule, children will receive individual care and support for their immediate and ongoing needs. However, if after a reasonable amount of time the child is unable to participate in normal daily center activities, the parents will be notified that the additional care detracts from other children in the program and their child's health.

Because it is sometimes difficult for parents/staff to determine the wellness of a child early in the day, the program will use the following guidelines to assist parents with this determination.

1. Children will receive a daily health check upon entering the classroom.
2. All supervisory staff are trained to recognize the general signs and symptoms of communicable/contagious illnesses. When they are unsure of the seriousness of a child's illness, the staff will consult with the administrator.
3. An ill child (experiencing mild discomfort but not exhibiting any communicable disease symptoms) may be cared for in the child's group and observed. **CHILDREN WITH SEVERE SYMPTOMS, WHICH ARE CONTAGIOUS AND POSSIBLE**

- COMMUNICABLE DISEASE SYMPTOMS, WILL BE ISOLATED FROM THE GROUP. (An ODJFS Communicable Disease Chart is posted for staff and parental reference.)
- A. The staff shall immediately notify the parent or guardian of the child's condition when a child has been observed with signs or symptoms of illness.
 - B. A child with any of the following signs or symptoms shall be immediately isolated and discharged to his/her parent/guardian. Parents/guardians must make arrangements to pick up the child immediately. While waiting for parent/guardian, the child will be isolated and made comfortable in the area, provided with a cot, and constantly supervised by an adult. All linens and blankets used by an ill child will be laundered before being used again. The cot will be cleaned and disinfected with bleach and water.
4. The following common symptoms will require a child to be sent home and to remain home at least 24 hours after symptoms are gone.
- A. Diarrhea (three or more abnormally loose stools within a 24 hour period)
 - B. Severe coughing, causing the child to become red or blue in the face or to make a whooping sound
 - C. Difficult or rapid breathing.
 - D. Yellowish skin or eyes.
 - E. Redness of the eye, obvious discharge, matted eyelashes, burning, itching.
 - F. Temperature of 100° F when in combination with any other sign or symptom of illness.
 - G. Unusually dark urine and/or gray or white stool.
 - H. A stiff neck with an elevated temperature.
 - I. Unusual spots or rashes.
 - J. A sore throat or difficulty swallowing.
 - K. Evidence of lice infestation, scabies, or other parasitic infestation
 - L. The beginnings of a cold with an excessively runny nose (different from an allergy).
 - M. Had a throat culture taken and you are waiting for results. The child must not attend school until the results are known and the doctor approves the return.
 - N. Vomiting more than one time or when accompanied by any other sign or symptom of illness.
 - O. Untreated/infected skin patches or rashes.
5. After the parent/guardian has picked up an ill child, a phone call to a physician is always the next recommended step to determine a course of action for the child. Because it's important that children have time to recover from an illness, a child who is sent home ill from the program needs to remain home, recuperating for 24 hours after symptoms have disappeared. Child will be readmitted only with a doctors release if less than 24 hours. This will minimize the spread of illness in the program and allow your child to fully recover from illness.

6. All parents will be notified if a communicable disease is present in the program. A note will be posted on the program door. Parents will be told what symptoms to look for in a communicable disease. The affected child's identity will not be revealed.
7. When the child has been ill the night before, parents are asked to consult the enclosed list and to be considerate of all children/staff when making their decision to bring in their child. Please assist the program in avoiding the spread of illness through the program's children.
8. If a child is placed on an antibiotic prescription, he/she should not return to the program until 24 hours after the treatment has been started. Exceptions are made for children who have conditions or symptoms that are not contagious.
9. A physician can provide written documentation that a child is not contagious and the child may return to the center with symptoms. Examples would be a rash that is diagnosed as an allergic reaction or diarrhea that has been cultured and not determined to be caused by bacteria or virus. Don't hesitate to ask your doctor about your child's contagious state and his/her return date to the program.

NON-PRESCRIPTION MEDICINE POLICY

Staff can administer non-prescription medications that do not contain aspirin, or non-prescription cough or cold medication that do not contain codeine (e.g. Robitussin, Triaminic, Benadryl, Tylenol, etc.) as long as the age and dosages comply with the manufacturer's label and for only 3 consecutive days. The parent must complete a "Parent/Guardian Request for Administration of Medication Form" to indicate when the medication should be given to the child. All non-prescription medicines must be in the original containers. A doctor's prescription or a statement from the doctor must be on file at the center in order to continue the non-prescription medical treatment more than 3 days. Please hand medication and form directly to a staff member.

When over the counter medicine package says to consult a physician when the child is under a certain age, parents need to comply and submit the "Parent/Guardian Request for Administration of Medication Form" signed by the physician, or they could decide to return to the center during the day to administer the medicine themselves. Physicians must sign for any different dosages than those, which the manufacturer recommends.

Diaper rash cream will require a "Parent/Guardian Request for Administration of Medication Form" which will remain on file for up to 12 months, or as long as the same cream is being administered. Changing any form of cream (ex:brand) will need to be followed up with the completion of a new form.

If more clarification is required regarding medicines and their administration, please contact the Center Administrator.

PRESCRIPTION MEDICINE POLICY

All prescription medications given to a child must have a physician's written instructions which must be updated every 12 months or have a recent prescription label.

TRANSFERRING PRESCRIPTION MEDICINE TO AN UNMARKED BOTTLE IS AGAINST THE STATE OF OHIO LICENSING LAWS. Our staff will ask parents to give the medicine, in order to comply with the law.

The licensing law states that prescription labels, which contain the instructions "to be given as needed", shall be accompanied by written instructions from the parent, if it is to be administered by the center.

Parents/Guardians must have a complete "Parent/Guardian Request for Administration of Medication Form" on file for all prescription drugs. Prescription medicine can be given as specified by the physician until the medication is gone. Prescription dosages cannot be altered. Expired medications need to be removed from the center by the parents. Please hand medication and form directly to a staff member.

FOOD SUPPLEMENTS OR MODIFIED DIETS

If your child requires a food supplement or modified diet, you must secure written information from your physician regarding this. A Medical/Physical Care Plan must be filled out and returned to the center. Families are responsible for providing food supplements for modified diets.

CHILD ABUSE REPORTING

All staff members are mandated reporters of child abuse. If staff has suspicions that a child is being abused or neglected, they **MUST** make a report to the local children's services agency. The safety of the children is always our first concern.

GENERAL POLICIES

1. Children may not bring items from home. The program staff is not responsible for the loss or damage to any toy. Stuffed animals, baby dolls, etc. are permissible for naptime only.
2. Your child is more than welcome to celebrate their birthday at the program. Please see your child's teacher in advance of the big day so they can make arrangements with you.

3. Please CHECK YOUR CHILD'S CUBBY & FOLDER DAILY. It will contain artwork, soiled clothes that need to be taken home, parent literature, field trip permission slips, which need your signature, incident reports, etc. It is very important that that you make time to read all newsletters, flyers, door signs, and permission slip forms. These contain dates and events that are important to know.
4. Send appropriate clothing to the center for your child. We go outside throughout the year. Always keep a shirt, extra pants, underwear/pull ups or diapers, shoes, and socks at the program in case your child needs them. Children will need to be dressed appropriately for playing and getting dirty. Play clothes and gym shoes are best. Personal belongings should be in a bag clearly marked with the child's name.

Emergency transportation

The YMCA of Ross County does ask parents to give permission to transport children in the event of an emergency. If the family fails to give this permission, the Childcare development center will no longer be able to serve the family.

NON-DISCRIMINATION POLICY

The YMCA of Ross County does not discriminate in the hiring of staff or in the enrollment of children upon the basis of race, color, religion, sex, or national origin. Children are enrolled as space becomes available.

ABSENCE/VACATION POLICY

Please let the program know in advance if your child will not be attending the program for any reason. There is no credit given for sick days or vacation days.

ACCIDENTS/EMERGENCIES

The child care program has devised several procedures to follow in the event that an emergency would occur while a child is in the program's care. In the event of a fire or tornado, staff would follow the written instructions posted in each classroom, describing emergency evacuation routes, and the procedures to be followed to assure that children arrive at the designated "safe spot". In order to prepare children for the rare need to evacuate, the program does conduct monthly fire drills, and periodic tornado drills. Should we need to evacuate due to fire or weather conditions, or the loss of power, heat, or water to the program, our emergency destination is Tyler Memorial Methodist Church. A sign will be posted indicating that we have been evacuated and the location where you can pick up your child. Parents/guardians will be contacted as soon as possible to come pick up their child. If a parent/guardian cannot be reached, we will contact the emergency contacts as listed on your child's registration information.

In the unlikely event there would be an environmental threat or a threat of violence, the staff will secure the children in the safest location possible, contact and follow the directions given by the proper authorities and contact the parent/guardian as soon as the situations allows. An incident report will be provided to the parent/guardian.

There is always one staff member present that has received training in First Aid, CPR, and Communicable Diseases and as well as an on site First Aid Kit. In the case of a minor accident/injury staff will administer basic first aid and TLC. If the injury is serious, first aid would be administered and the parent/guardian would be contacted immediately to assist in deciding an appropriate course of action. If any injury is life threatening, the EMS will be contacted, parents/guardians will be notified, and a staff member will accompany the child to the hospital with all available health records. Staff may not transport children in their own vehicles. Only parents/guardians or EMS will transport.

Any incident/injury report will be completed, and given to the person picking up the child, on the day of the incident/injury, if any of the following occur: the child has an illness, accident, or injury which requires first aid; the child receives a bump or blow to the head; or an unusual or unexpected event occurs which jeopardizes the safety of the child. If a child requires emergency transportation, the report shall be available within twenty-four hours after the incident occurs.

TRANSPORTATION

EMERGENCY TRANSPORTATION

Whenever there is a medical or dental emergency and a child needs to be transported, the emergency squad is called to transport the child to the hospital if parental permission is granted. If parental permission is not granted for the program to call the emergency squad for transportation, then the parent/guardian is called to transport the child. If a child is

transported to an emergency facility, parents/guardians are notified immediately. The Child Enrollment and Health Information form which includes the emergency transportation information and the child's health condition information accompanies the child to the emergency facility along with a child care staff member if the parent/guardian is unavailable.

SAFETY POLICIES

1. No child shall ever be left alone or unattended. The staff member in charge of a child or group is responsible for their safety. Staff will supervise children at all times. If a child becomes ill, they may be isolated in a section of a room, but within sight and hearing of a staff member.
2. The person bringing the child to the program must sign in/out on the Parent Sign-In Sheet and bring the child to the room/area designated. The parent must acknowledge to the teacher that they are arriving/departing.
3. The only people who may pick up a child are those listed by the custodial parent in the child's file. Staff will not release a child to a person who is not listed. Parents must update the information at least annually. Staff will ask to see the ID of persons they do not recognize. The staff members responsible must see the child and adult leave together.
4. Non-custodial parents must have written permission from the custodial parent to pick up a child. Legal documentation must also be on file. We are unable to withhold a child from a parent without legal custodial documentation
5. Fire drills are coordinated monthly. A record of these is maintained in the program.
6. Fire emergency and weather alert plans are posted in each classroom. These include a diagram showing evacuation and shelters.
7. The staff has immediate access to a non-coin operated telephone at all times.
8. All cleaning supplies are labeled and placed away from the reach of small children.
9. An incident report will be completed when an accident or injury occurs. A copy of the completed report will be given to the parent/guardian upon request.

Swimming

In the summer we will take the children out to the grassy area by the playground, or to the grassy area outside of the Toddler Care fire exit to play in baby pools with parent's written permission.

BEHAVIOR MANAGEMENT POLICY

I. Philosophy

The YMCA strives to maintain a positive approach to managing children's behavior at all times. Considering each child's age, developmental stage, and personality, clear parameters and expectations create an environment where children feel safe to explore and learn. "Discipline" is the process of teaching self-control, conflict resolution and the ability to live within limitations and agreed upon guidelines. We will never look to punish, but to seek to learn from mistakes made. Expected behavior guidelines are established by the staff and children and are founded upon our core values of caring, honesty, respect and responsibility. Positive behavior is self-rewarding and allows for program activities to occur. When children choose to behave outside of the guidelines, some consequences are required to avoid future problems. The overall safety of all children in the program is our highest priority. Our guidance policy applies to all YMCA members, staff and program participants.

When a child needs guidance, the staff begins by redirecting the child into more constructive activities. With help from adults and peers, children learn and practice nonviolent forms of conflict resolution. Our policy goal is to help each child develop positive feelings of self-esteem while fostering growth toward self-direction.

The child care programs of the YMCA of Ross County provide a safe environment for children to develop spirit, mind, and body. The overriding principle of the YMCA's guidance policy is to help children become individuals who make their own choices and who take responsibility for their actions.

II. Guidelines

- Set limits are developmentally appropriate. Specific policies are listed below.
- All children are expected to respect the rights and feelings of others and to avoid disruptive behaviors that would interfere with program activities. Aggressive behaviors such as hitting, kicking, biting, tripping, verbal "put-downs", spitting, cursing, and other similar inappropriate behaviors will not be tolerated.
- All children are expected to follow all directions given by the staff regarding safety procedures and to stay with the group for all scheduled activities.

- The program strictly prohibits the use of alcohol, tobacco, and drugs, except prescribed medications or over-the-counter medication with proper written consent.
- All children are expected to respect the private property of others and to understand that stealing or vandalizing the property of others cannot be tolerated.
- The YMCA has a zero-tolerance policy in regards to serious threats (verbal or physical) to other children, families, or YMCA staff members.
- Weapons are strictly prohibited in any YMCA program.

Biting

Biting is a normal phase of a child's development. However, when biting situations occur it can cause parents a sense of anxiousness. The YMCA biting policy is intended to protect the safety of all children while helping a child who is biting to extinguish this behavior. We ask for parent support when a biting situation occurs. This may include arrangements to have the child picked up from the center. This is not intended as punishment for the child or parent, but as a safety precaution for the other children in the room.

III. Behavior Management Practices

When a child engages in inappropriate behavior that threatens the health or safety of herself/himself or others, the YMCA staff will do the following:

- A. Take immediate action to stop the behavior
- B. Inform the child and/or parents of the disciplinary action that will be taken. If the severity of the inappropriate behavior warrants, or the child cannot be controlled on the spot, it may be necessary to temporarily remove him/her from the situation. Additionally, staff will attempt to learn the causes of the behavior and will try to help the child understand and overcome these.
- C. Staff and child will go to Administrator's office to discuss the incident and consequences. This may include considering the possibility of suspending and/or expelling the child from the program. The decision to send a child home is a difficult one to make and will be carefully considered before action is taken.
- D. Termination for behavioral reasons may be immediate; advance notice will not be given.

In all other situations where the safety of other children or staff is not directly jeopardized, YMCA staff will discuss the behavioral problem with the child and determine if disciplinary action is necessary. This process assists the child in learning to take responsibility for his/her own behavior. In cases of repeated inappropriate behavior, any one of the following disciplinary procedures may be used:

- Staff may hold a discussion with the child about the inappropriate behavior and its future consequences.
- Staff may inform the child of any disciplinary action to be taken if the behavior is repeated.
- Staff may redirect/provide time away from the activity, with the child returning to the activity contingent on a willingness to behave appropriately. Explain further disciplinary action to be taken if behavior continues.
- Staff may consult the Administrator for appropriate consequences.
- Staff may redirect/provide time away from activity, and notify parents of child's behavior. If behavior continues, staff shall conduct a parent/guardian conference to discuss and provide support in managing child's behavior at the program.

When a child's persistent or dangerous behavior takes too much time and attention away from the needs, safety, and well being of other children, or causes disruption of the program objective, the possibility of suspending and or expelling the child from the program must be considered. The decision to send a child home is a difficult one to make and will be carefully considered before action is taken.

Notes: Total portion sizes for the meat group can be met by one of the above amounts stated or a combination of any of the above amounts equivalent to total meat portions.

- One pound of hamburger shrinks 4-5 oz. in cooking
- Two chicken wings or one drumstick or one thigh = 1 1/2 oz. meat
- One-fourth cup canned fish (tuna, salmon, mackerel) = 1 oz. meat.
- One medium chicken liver = 1 oz. meat.
- All fish sticks, cold cuts, frankfurters, etc., do not weigh the same. Be sure to determine weight by dividing number of pieces or slices into total package.
- Cheese food and cheese spread do not contain as much protein as regular cheese. If they are used, 1 1/2 oz. = 1 oz. meat. Cream cheese cannot be used as a meat equivalent.
- Cooked dry beans or dry peas may be used as a meat equivalent or as part of the vegetable/fruit group but not in both groups in the same meal.

Vitamin A is important for healthy skin and mucous membranes (such as nasal and intestinal); promotes healthy eye tissues for normal vision.

Notes:

- Each meal must include two or more vegetables and/or fruits to equal the total above amount.
- A source of Vitamin C needs to be served daily and a source of Vitamin A three times a week.

- Vegetables and fruits such as, green beans, peas, corn, bananas, grapes, etc. are not good sources of Vitamins A or C. However, they are sources of other nutrients and can still be served.
- Vitamin C is a water-soluble nutrient which means amounts in excess of the body's daily needs are excreted in the urine. Therefore, Vitamin C must be supplied daily. Vitamin C is also readily destroyed by high temperature or long exposure to heat or air (oxygen). Therefore, cook these foods in a small amount of water or steam them and cook only the minimum time needed.
- Vitamin A is fat-soluble which means it is carried through the body attached to fat it is stored in the body primarily in the liver. The body can draw on these stores when Vitamin A is needed. Therefore, a good source eaten every other day generally meets needs.
- Fried and processed potatoes (e.g. frozen fries, hash browns, tater tots, and instant potatoes) are not a good source of Vitamin C. However, instant potatoes are fortified with Vitamin C and may be used as a Vitamin C source.
- 100% full strength vegetable or fruit juice may not be counted to meet more than one-half of the amounts required.
- The following tomato products equal 1/4 cup vegetable:
 - 1 tablespoon paste

Functions: Provides the nutrients carbohydrate, B vitamins (thiamine, niacin), and iron as well as, roughage from whole grains. These nutrients give energy; aid in normal digestion and utilization of food; promote normal appetite, healthy skin and nerves; and help form hemoglobin in the red blood cells.

Notes:

- Only whole grain, fortified, or enriched grain products can be used as food sources for this food group.
- Cookies, cakes, donuts and pastries are not included in this food group.
- Cooked or ready-to-eat breakfast cereals are not included in this group for the noon meal.

Amount			
MILK GROUP	1-3years	3-6 years	6 years & up

Milk	1/2 cup(4oz.)	3/4 cup(6oz.)	1 cup (8oz.)
Calcium equivalents			
Cheese	1/2 oz.	3/4 oz.	1 oz.

Functions: Provides the nutrients calcium, riboflavin (B2), and protein which are needed for forming strong bones and teeth; assisting in blood clotting; normal functioning of muscles and nerves; promoting healthy skin and eyes.

Notes:

Each meal must include one serving of fluid of milk or cheese

Whole milk and two percent milk are the beverages of choice.

Fresh fluid skim milk must *not* be used as a beverage; however, it may be used in cooking.

Natural cheese may be used as a calcium equivalent or as a meat substitute but not in both groups in the same meal.

Regular fluid milk must be Vitamin D fortified while fresh and dry skim milk should be fortified with Vitamins A and D. Read the

label.

Although ice cream and cottage cheese contain calcium, the quantities needed to satisfy the RDA

are too large to be practical for these age groups.

Although pudding made with milk is a good source of calcium, it is not included in the milk group because of its high sugar content .

V. Other Foods ("Extra" Foods)

Functions: Foods in this group provide energy, enhance flavor, and help satisfy the appetite. Fats supply the essential fatty acids, carry fat-soluble vitamins (A,D,E, and K) and make up part of cell structure.

Notes:

This group contains foods which do not belong in one of the four food groups. Examples of these foods

are as follows: table sugar (sucrose), honey, jelly, jams, syrups, sweet toppings; pies, cakes, pastries, soft drinks, fruit flavored drinks; butter, margarine, shortening, salad oil, salad dressing, mayonnaise.

These foods supplement but cannot substitute for foods in the four food groups. With few exceptions, they are "empty calorie" foods i.e., they provide mainly calories but little in the way of nutrients.
