PHILOSOPHY OF THE YMCA SCHOOL AGE CARE PROGRAM

The YMCA SAC program exists to meet the needs of families to have a safe, consistent, environment for their children. The program is designed to compliment, not imitate, school and home. It serves as an important component in the continuum of services provided for school-age children.

Through the YMCA SAC program, the YMCA seeks to help children:

- Grow personally
- Clarify personal values
- Get along with others
- Appreciate diversity
- Become better leaders
- Develop specific skills
- HAVE FUN!

The SAC program is child centered and designed to promote self-esteem and meet the individual developmental needs of **CHILDREN**. The YMCA program:

- Offers children a base of warmth, security, and continuity provided by caring, qualified staff
- Fosters initiative, independence, cooperation, and self control
- Has flexible schedules that allow for choices during (but not limited to) play, social experiences, and school work
- Permits freedom within set limits
- Respects cultural diversity
- Build strong character through programs centered around our core values of Caring, Honesty, Respect, and Responsibility

The needs of **FAMILIES** will be met through a program that:

- Offers quality, safe, affordable child care services
- Is sensitive to the needs of children and families
- Encourages communication among children, school representatives, families, and SAC staff
- Allows for ongoing family involvement and regular opportunities for feedback through Family Events and/or a Advisory Committee and a regular evaluation process
- Assist families with building strong character values in their children

The **COMMUNITIES** needs will be met by a program that:

- Provides quality child care services
- Reflects current values and concern
- Utilizes existing educational and recreational resources
- Builds strong character values in children

YMCA CHILD CARE MISSION

The mission of the YMCA Child Care Program is to foster the ongoing development of all children with quality, affordable and accessible child care programs which ensure each child a positive, safe and nurturing environment in collaboration with families, schools and community.

MISSION OF THE YMCA OF ROSS COUNTY

To put Christian principles into practice through programs that build healthy spirit, mind and body for all.

Families will not be denied child care services because of their inability to pay. YMCA child care programs accept payment through the Ross County Department of Job and Family Services

for families that qualify.

No person or family shall be denied services offered, nor denied employment by the YMCA upon the basis of race, color, religion, sex, or national origin.

PROGRAM GOALS

Personal Discipline- The program will help children increase their responsible behavior and self-control by creating an environment in which activities are presented, but in which adults do not dictate how the activities are pursued; in which guidance is offered, but is not overwhelming; and in which encouragement is offered to promote self-confidence. Rules will be minimal in number, accepted as important by the children, and consistently applied by the SAC staff. The YMCA Guidance Policy will be applied consistently.

Social Development and Emotional Well Being- The programs will meet children's social and emotional needs by helping every child make friends through activities that require varying numbers of participants, as well as allowing unstructured time for friendships to develop. Activities and community projects such as "environmental friendliness" will provide the social learning children gain from exposure to the larger community.

Physical Skills- The programs will meet children's physical needs by: providing space and scheduled times for activities (such as running, jumping, and playing ball both indoors and outdoors); providing supervision to ensure safety (but without overprotection or over-direction); providing opportunities for rest; and providing food needed to restore energy.

Health and Safety Skills- The program will increase children's health and safety skills by providing activities that emphasize

healthy lifestyles. A discussion of nutrition, daily exercise, safety skills, etc. will increase awareness.

Educational Opportunities- The program will provide students with homework and academic assistance. It will also provide opportunities for children to learn through a variety of carefully planned, developmentally appropriate activities.

CHILDREN WITH SPECIAL NEEDS

It is the intent of the YMCA of Ross County to include children with special needs in activities to the greatest extent possible. Recognizing limitations due to a child's special need is important and, with this in mind, the YMCA will make every attempt to adapt program activities, staffing, and facilities through reasonable accommodation, unless the accommodation imposes hardship on the YMCA. If your child requires an accommodation,

please discuss it with the Child Care Administrator.

It is recommended that a family member (or caregiver) tour the facility with the appropriate YMCA staff, along with the child with the special need, before the first day of child care services. This provides the family with an opportunity to observe the program, facility, and staff. This also allows the staff to learn what can be done to enhance the child's involvement in the program.

PERSONAL BELONGINGS

Personal belongings are the responsibility of the child. The YMCA will provide a designated place for your child's belongings during the programs. The YMCA is not responsible for lost or stolen items. **Please do not allow your child to bring valuable items to the SAC Program.**

WHAT TO BRING WITH YOU EACH DAY

Children will need to be dressed appropriately for weather, playing and getting dirty. Play clothes and gym shoes are best. Personal belongings should be in a bag clearly marked with the child's name. Modest swimsuit & towel are required to swim. Change of clothes may be necessary for some children.

SUPERVISION POLICIES

A major responsibility of the staff is to ensure the health and safety of each child entrusted in our care. Staff is aware of the importance of the safety of your child and will anticipate possible hazards, and take necessary, precautionary and preventative measures.

ARRIVAL/DEPARTURE

1. Children **must** be signed in the SAC program each morning by a parent/guardian or an authorized adult.
2. After school, a staff member meets the children at the classroom, attendance is taken. This is done to assure that the staff member knows that each child that is scheduled to attend SAC has arrived safely to the program. Children **must** be signed out of SAC each afternoon by their parent/guardian or an authorized adult.
3. If your child does not arrive for after school care, the child care staff member will call the parent/guardian to see if there has been an error in communication. If the parent/guardian is unsure of the whereabouts of the child, staff will work with the parent/guardian to locate the child. **Parents are reminded to please call when your child is not going to attend as the above action can cause great concern.**
4. The Program staff has immediate access to a non-coin operated telephone at all times.
5. Fire drills will be held monthly at varying times and a record of these fire drills will be maintained at the center.
6. The fire emergency and weather alert plans are posted in each classroom.

SUPERVISION OF SCHOOL-AGE CHILDREN

1. No child will be left alone or unsupervised. A minimum of 2 staff shall always be in the building when there are 6 or more

children present. Required staff/child ratios will be maintained at all times.

2. School age children may run errands inside the building or use the restroom alone or in groups of no more than six children without adult supervision as long as all of the following conditions are met:

- ▶ children are within hearing distance of a staff member
- ▶ the staff member checks on the children regularly until they return
- ▶ the restroom is for the exclusive use of the program

One group of no more than six school children, fourth grade age or older, may engage in activities which pose no physical threat to their safety in a room without a child care staff member (area must remain in space approved for the child care programs use), as long as the staff member can see or hear the children at all times, and checks on the children periodically.

3. When children leave the program to participate in activities such as Scouts, tutoring, or clubs, parents must fill out a YMCA Form for Student Activities On/Off Program Premises designating the day, time of departure, time of return, destination, and mode of transportation (if applicable) that the child will use to get to the activity.

RELEASE OF CHILD

The parent/ guardian must sign their child in and out each day. **The parent may designate another responsible adult to pick up or drop off the child if previous written authorization has been supplied to the program. VALID PHOTO IDENTIFICATION must be presented before releasing the child to anyone.** Please let people

know about this ahead of time so they bring a picture ID and are not offended. The children's safety is our top priority!

Police will be notified if an adult who appears to be under the influence of drugs or alcohol attempts to pick up a child. In this situation, emergency contacts will be called to transport the child.

CUSTODY AGREEMENTS

If there are custody issues involving your child, you must provide the program with court papers indicating who has permission to pick up the child. The center may not deny a biological or custodial parent access to their child without proper documentation.

CHILD ABUSE REPORTING

All staff members are mandated reporters of child abuse. If staff has suspicions that a child is being abused or neglected, they **MUST** make a report to the local children's services agency. The safety of the children is always our first concern.

TRANSPORTATION

EMERGENCY TRANSPORTATION

Whenever there is a medical or dental emergency and a child needs to be transported, the emergency squad is called to transport the child to the hospital if parental permission is granted. If parental permission is not granted for the program to call the emergency squad for transportation, then the parent/guardian is called to transport the child. If a child is transported to an emergency facility, parents/guardians are notified immediately. The Child Enrollment and Health Information form which includes the emergency transportation

information and the child's health condition information accompanies the child to the emergency facility along with a child care staff member if the parent/guardian is unavailable.

BEHAVIOR MANAGEMENT POLICY

I. Philosophy

The YMCA strives to maintain a positive approach to managing children's behavior at all times. Considering each child's age, developmental stage, and personality, clear parameters and expectations create an environment where children feel safe to explore and learn. "Discipline" is the process of teaching self-control, conflict resolution and the ability to live within limitations and agreed upon guidelines. We will never look to punish, but to seek to learn from mistakes made. Expected behavior guidelines are established by the staff and children and are founded upon our core values of caring, honesty, respect and responsibility. Positive behavior is self-rewarding and allows for program activities to occur. When children choose to behave outside of the guidelines, some consequences are required to avoid future problems. The overall safety of all children in the program is our highest priority. Our guidance policy applies to all YMCA members, staff and program participants.

When a child needs guidance, the staff begins by redirecting the child into more constructive activities. With help from adults and peers, children learn and practice nonviolent forms of conflict resolution. Our policy goal is to help each child develop positive feelings of self-esteem while fostering growth toward self-direction.

The child care programs of the YMCA of Ross County provide a safe environment for children to develop spirit, mind, and body.

The overriding principle of the YMCA's guidance policy is to help children become individuals who make their own choices and who take responsibility for their actions.

II. Guidelines

- Set limits are developmentally appropriate. Specific policies are listed below.
- All children are expected to respect the rights and feelings of others and to avoid disruptive behaviors that would interfere with program activities. Aggressive behaviors such as hitting, kicking, biting, tripping, verbal "put-downs", spitting, cursing and other similar inappropriate behaviors will not be tolerated.
- All children are expected to follow all directions given by the staff regarding safety procedures and to stay with the group for all scheduled activities.
- The program strictly prohibits the use of alcohol, tobacco, and drugs, except prescribed medications or over-the-counter medication with proper written consent.
- All children are expected to respect the private property of others and to understand that stealing or vandalizing the property of others cannot be tolerated.
- The YMCA has a zero-tolerance policy in regards to serious threats (verbal or physical) to other children, families, or YMCA staff members.
- Weapons are strictly prohibited in any YMCA program.

III. Behavior Management Practices

When a child engages in inappropriate behavior that threatens the health or safety of herself/himself or others, the YMCA staff will do the following:

- A. Take immediate action to stop the behavior
- B. Inform the child and/or parents of the disciplinary action that

will be taken. If the severity of the inappropriate behavior warrants, or the child cannot be controlled on the spot, it may be necessary to temporarily remove him/her from the situation. Additionally, staff will attempt to learn the causes of the behavior and will try to help the child understand and overcome these.

- C. Consider the possibility of suspending and/or expelling the child from the program. The decision to send a child home is a difficult one to make and will be carefully considered before action is taken.

In all other situations where the safety of other children or staff are not directly jeopardized, YMCA staff will discuss the behavioral problem with the child and determine if disciplinary action is necessary. This process assists the child in learning to take responsibility for his/her own behavior. In cases of repeated inappropriate behavior, any one of the following disciplinary procedures may be used:

- Staff may hold a discussion with the child about the inappropriate behavior and its future consequences.
- Staff may inform the child of any disciplinary action to be taken if the behavior is repeated.
- Staff may redirect/provide time away from the activity, with the child returning to the activity contingent on a willingness to behave appropriately. Explain further disciplinary action to be taken if behavior continues.
- Staff may redirect/provide time away from activity, and notify parents of child's behavior. If behavior continues, staff shall conduct a parent/guardian conference to discuss and provide support in managing child's behavior at the program.

When a child's persistent or dangerous behavior takes too much time and attention away from the needs, safety, and well being of other children, or causes disruption of the program objective, the

possibility of suspending and or expelling the child from the program must be considered. The decision to send a child home is a difficult one to make and will be carefully considered before action is taken.

MANAGEMENT OF ILLNESSES

The YMCA strives to maintain a clean and healthy environment. However, we realize that children become ill from time to time. YMCA child care staff will be trained in recognizing the signs and symptoms of illness, washing procedures, and disinfecting procedures. We observe all children as they enter the program to quickly assess their general health. We ask that you not bring a sick child to the program, as they will be sent home. Please also plan ahead and have a back up care plan in place if you are not able to take time off from work or school.

A child with any of the following symptoms will be immediately isolated and discharged to the parent or emergency contact:

- ▶ Temperature of 101° F when in combination with any other sign or symptom of illness.
- ▶ Diarrhea (three or more abnormally loose stools within a 24 hour period)
- ▶ Severe coughing (causing the child to become red in the face or to make a whooping sound)
- ▶ Difficult or rapid breathing
- ▶ Yellowish skin or eyes
- ▶ Redness of the eye, obvious discharge, matted eyelashes, burning, itching
- ▶ Untreated skin patches, unusually spots or rashes
- ▶ Unusually dark urine or gray or white stools
- ▶ Stiff neck with an elevated temperature
- ▶ Evidence of nits, lice, scabies or other parasitic

infestations

- ▶ Vomiting more than one time or when accompanied by any other sign or symptom of illness.
- ▶ Sore throat or difficulty swallowing

Any child demonstrating signs of illness not listed above will be isolated and carefully observed for symptoms. The parent/guardian will be notified. If a child does not feel well enough to participate in program activities the parent/guardian will be called to pick up the child. Anytime a child is isolated they will be kept within sight and hearing of a staff member. The cot/mat and any linens used will be washed and disinfected before being used again.

Parents will be notified in writing if children have been exposed to a communicable illness. Children will be readmitted to the program after at least 24 hours of being free of a fever and other symptoms. If they are not symptom free, a doctor's note will be required stating that the child is not contagious.

MEDICATIONS

The SAC program will administer medications to a child only after the parent/guardian completes a ***Request for Administration of Medication*** form. All proper sections must be completed and the medication must be handed to a staff member. Medications will be stored in a designated area inaccessible to children. Medications may NOT be stored in a child's cubby or book bag.

Prescription medications must be in their original container and administered in accordance to the instructions on the label. Over-the-counter medications must also be in their original container, must not be expired, and must be administered in accordance to label instructions. If parents request any different dosages or uses, a physician must provide written instruction on

the ***Request for Administration of Medication*** form. Over-the-counter medications will not be administered for more than three days without instructions from a physician.

FOOD SUPPLEMENTS OR MODIFIED DIETS

If your child requires a food supplement or a modified diet, you must secure written information from your physician regarding this. A Medical/Physical Care Plan must be filled out and returned. Please speak with the Child Care Administrator for more details regarding this policy.

LICE POLICY

The YMCA of Ross County is very aware of the lice problem in many schools today. Any child can get lice, and unfortunately, many do. To limit the spread of lice within our SAC programs, we take the following action:

- We follow a nit-free policy. ***Please note this may differ from your child's school policy.***

If a child is discovered to have nits or lice, he/she will be immediately moved to an area of the program away from the other children, but supervised by staff. The child's parent/guardian will be contacted immediately and asked to pick up their child. All other children are checked for nits or lice during that program time and may, if necessary, be checked through the following program time. All areas are cleaned and treated for lice before students are allowed to play with items affected. An exposure notification will be available in the sign-in/out area informing parents/guardians that their child may have been exposed to lice. ***Any child, who has been sent home due to nits or lice, may not return until they have been treated and are found by YMCA staff to be nit-free and lice free.***

ACCIDENTS/EMERGENCIES

The SAC program has devised several procedures to follow in the event that an emergency would occur while a child is in the program's care. In the event of a fire or tornado, staff would follow the written instructions posted in each classroom, describing emergency evacuation routes, and the procedures to be followed to assure that children arrive at the designated "safe spot". In order to prepare children for the rare need to evacuate, the program does conduct monthly fire drills, and periodic tornado drills. Should we need to evacuate due to fire or weather conditions, or the loss of power, heat, or water to the program, our emergency destination is the softball field. A sign will be posted indicating that we have been evacuated and the location where you can pick up your child. Parents/guardians will be contacted as soon as possible to come pick up their child. If a parent/guardian cannot be reached, we will contact the emergency contacts as listed on your child's registration information.

In the unlikely event there would be an environmental threat or a threat of violence, the staff will secure the children in the safest location possible, contact and follow the directions given by the proper authorities and contact the parent/guardian as soon as the situations allows. An incident report will be provided to the parent/guardian.

There is always one staff member present that has received training in First Aid/Communicable Diseases and CPR as well as an on site First Aid Kit. In the case of a minor accident/injury staff will administer basic first aid and TLC. If the injury is serious, first aid would be administered and the parents/guardians would be contacted immediately to assist in

deciding an appropriate course of action. If any injury is life threatening, the EMS will be contacted, parents/guardians will be notified, and a staff member will accompany the child to the hospital with all available health records. Staff may not transport children in their own vehicles. Only parents/guardians or EMS will transport.

Any incident/injury report will be completed, and given to the person picking up the child, on the day of the incident/injury, if any of the following occur: the child has an illness, accident, or injury which requires first aid; the child receives a bump or blow to the head; or an unusual or unexpected event occurs which jeopardizes the safety of the child. If a child requires emergency transportation, the report shall be available within twenty-four hours after the incident occurs.

OUTDOOR PLAY

Research has shown that children stay healthier when they have daily outdoor play. Based on this information, we include outdoor play in our programs. For full day programs, we go outside daily as weather permits. We will limit the amount of time outside when the temperatures are very warm or very cold. Children will not be taken outside when the temperature (wind chill and heat index factored in) drop below 25 degrees or rise above 90 degrees. If the situation requires it, we will also adjust the outdoor time due to rain, threatening weather, ozone warnings, etc. On days that outdoor play is not provided, we will include a time for indoor large motor activities. Please send your children with the proper clothing so they may be comfortable and safe whenever we are outside. This includes appropriate jackets, hats, mittens and shoes/boots during winter months.

TERMINATION OF CHILD CARE SERVICES

The YMCA reserves the right to discontinue child care services under any of the following conditions:

1. Failure to abide by any of the registration agreement conditions as itemized in the Parent Statement of Understanding, or failure to fulfill any of the responsibilities or conditions included in the Parent Handbook.
2. Severe behavior by the child which disrupts the group, including instances of failing to listen to staff members; refusal to follow program rules; excessive use of physical force, including hitting, pushing, kicking or biting; verbal abuse; cursing or excessive threats to use physical abuse.
3. Failure of parents/guardians to treat staff or other parents or children respectfully. Disrespect includes inappropriate or abusive language, behavior, or threats.
4. The SAC programs follow a zero-tolerance policy in regards to weapons. Any participant, parent/guardian or family-authorized adult that uses or possesses or threatens to use or possess a weapon at any time may be permanently expelled from the SAC program.
5. Lack of regular attendance in excess of 2 weeks without notification.
6. Balance due of 2 weeks or more of child care fees.
7. Failure to properly swipe your ODJFS Child Care services card for any amount of time attended.

YMCA PARENT/GUARDIAN PARTICIPATION POLICY

1. Parents/guardians are invited to participate in our SAC

program on any level they are comfortable. Parents/guardians shall have access to SAC programs at all times to interact with their child and observe the program. When visiting the SAC program, parents should inform the staff of their presence.

2. Parents/guardians should discuss any concerns or suggestions about the child care program with the Child Care Administrator. If a parent feels that the Child Care Administrator has not addressed their concerns, the parent/guardian may discuss their concern with the YMCA Executive Director.
3. Family participation opportunities include: Family events, field trips, volunteering in the program, Advisory Committees and donations.
4. YMCA staff is available to discuss your child's progress or needs at anytime. However, due to staff responsibilities and schedules, parents are asked to make appointments with staff when it is necessary to engage in any lengthy conversations.
5. Upon request, parents/guardians will be provided with a roster of the names and telephone numbers of parents/guardians of the children attending the program. Parents/guardians have the right to request that their name or telephone number is not included on the roster.
6. Parents have the opportunity to give input and evaluate the program at least annually.

CRITERIA FOR MEETING THE NUTRITION REQUIREMENTS FOR MEALS IN CHILD DAY CARE FACILITIES

Child day care facilities must serve meals which constitute at least one third of each child's recommended daily dietary allowances, which include foods from all four basic food groups, and which reflect the developmental stage of the child. *See rule 5101:2-12-61 (centers); rule 5101:2-13-60 (type A family day care homes); and rule 5101:2-14-28 (certified type B family day care homes).*

The following information specifies the four basic food groups and the quantities necessary to meet nutritional requirements for the lunch meal.

I.	MEAT GROUP	Amount		
		1-3 years	3-6 years	6 years
	and up			
	Beef, pork, veal, Weight	1 oz	1 1/2 oz.	2 oz.

lamb, poultry, fish	Protein content		
	7g.	11g.	14 g.
Cheese	1 oz.	1 1/2 oz.	2 oz.
Egg	1 med. or one lg.	1 1/2 med. or one lg.	2 med.
Peanut butter	2 tbsp.	3 tbsp.	4 tbsp
Cooked dried beans, peas	1/2 cup	3/4 cup	1 cup
Cottage Cheese (4oz.)	1/4 cup (2oz.)	3/8 cup (3 oz.)	1/2 cup

Functions: Provide the nutrients protein, B vitamins (niacin and thiamine), and iron which are needed daily for building and maintaining body cells (e.g. muscles, blood, bone), promoting proper growth, regulating body functions, resisting infection, and forming hemoglobin in the red blood cells.

Notes: Total portion sizes for the meat group can be met by one of the above amounts stated or a combination of any of the above amounts equivalent to total meat portions.

- One pound of hamburger shrinks 4-5 oz. in cooking
- Two chicken wings or one drumstick or one thigh = 1 1/2 oz. meat
- One-fourth cup canned fish (tuna, salmon, mackerel) = 1 oz. meat.
- One medium chicken liver = 1 oz. meat.
- All fish sticks, cold cuts, frankfurters, etc., do not weigh the same. Be sure to determine weight by dividing number of pieces or slices into total package.
- Cheese food and cheese spread do not contain as much protein as regular cheese. If they are used, 1 1/2 oz. = 1 oz. meat. Cream cheese cannot be used as a meat equivalent.
- Cooked dry beans or dry peas may be used as a meat equivalent or as part of the vegetable/fruit group but not in both groups in the same meal.

II. VEGETABLE/FRUIT GROUP	Amount		
	1-3 years	3-6 years	6 years and up
total	1/4 cup total	1/2 cup total	3/4 cup

Functions: Provide the nutrients Vitamin A and Vitamin C as well as roughage in the diet. Vitamin C helps build and maintain healthy gums, body tissues and blood; helps resist infections; hastens wound and bone healing; aids in utilization of iron. Vitamin A is important for healthy skin and mucous membranes (such as nasal and intestinal); promotes healthy eye tissues for normal vision.

Notes:

- Each meal must include two or more vegetables and/or fruits to equal the total above amount.
- A source of Vitamin C needs to be served daily and a source of Vitamin A three times a week.
- Excellent and good sources of vitamin C and A are shown below. One excellent or two good sources equal one serving of vitamin C and A.

Vitamin C (daily)
Excellent Sources

- Vegetables and fruits such as, green beans, peas, corn, bananas, grapes, etc. are not good sources of Vitamins A or C. However, they are sources of other nutrients and can still be served.
- Vitamin C is a water-soluble nutrient which means amounts in excess of the body's daily needs are excreted in the urine. Therefore, Vitamin C must be supplied daily. Vitamin C is also readily destroyed by high temperature or long exposure to heat or air (oxygen). Therefore, cook these foods in a small amount of water or steam them and cook only the minimum time needed.
- Vitamin A is fat-soluble which means it is carried through the body attached to fat it is stored in the body primarily in the liver. The body can draw on these stores when Vitamin A is needed. Therefore, a good source eaten every other day generally meets needs.
- Fried and processed potatoes (e.g. frozen fries, hash browns, tater tots, and instant potatoes) are not a good source of Vitamin C. However, instant potatoes are fortified with Vitamin C and may be used as a Vitamin C source.
- 100% full strength vegetable or fruit juice may not be counted to meet more than one-half of the amounts required.
- The following tomato products equal 1/4 cup vegetable:
 - 1 tablespoon paste
 - 2 tablespoons puree
 - 1/4 cup sauce

Functions: Provides the nutrients carbohydrate, B vitamins (thiamine, niacin), and iron as well as, roughage from whole grains. These nutrients give energy; aid in normal digestion and utilization of food; promote normal appetite, healthy skin and nerves; and help form hemoglobin in the red blood cells.

Notes:

- Only whole grain, fortified, or enriched grain products can be used as food sources for this food group.
- Cookies, cakes, donuts and pastries are not included in this food group.
- Cooked or ready-to-eat breakfast cereals are not included in this group for the noon meal.

MILK GROUP	Amount		
	1-3years	3-6 years	6 years & up
Milk	1/2 cup(4oz.)	3/4 cup(6oz.)	1 cup (8oz.)
Calcium equivalents			
Cheese	1/2 oz.	3/4 oz.	1 oz.

Functions: Provides the nutrients calcium, riboflavin (B2), and protein which are needed for forming strong bones and teeth; assisting in blood clotting; normal functioning of muscles and nerves; promoting healthy skin and eyes.

Notes:

Each meal must include one serving of fluid of milk or cheese
 Whole milk and two percent milk are the beverages of choice.
 Fresh fluid skim milk must *not* be used as a beverage; however, it may be used in cooking.
 Natural cheese may be used as a calcium equivalent or as a meat substitute but not in both groups in the same meal.
 Regular fluid milk must be Vitamin D fortified while fresh and dry skim milk should be fortified with Vitamins A and D. Read the label.
 Although ice cream and cottage cheese contain calcium, the quantities needed to satisfy the

RDA

are too large to be practical for these age groups.
 Although pudding made with milk is a good source of calcium, it is not included in the milk group because of its high sugar content .

V. Other Foods ("Extra" Foods)

Functions: Foods in this group provide energy, enhance flavor, and help satisfy the appetite.
Fats supply the essential fatty acids, carry fat-soluble vitamins (A,D,E, and K) and make up part of cell structure.

Notes:

This group contains foods which do not belong in one of the four food groups. Examples of these foods are as follows: table sugar (sucrose), honey, jelly, jams, syrups, sweet toppings; pies, cakes, pastries, soft drinks, fruit flavored drinks; butter, margarine, shortening, salad oil, salad dressing, mayonnaise.
 These foods supplement but cannot substitute for foods in the four food groups. With few exceptions, they are "empty calorie" foods i.e., they provide mainly calories but little in the way of nutrients.
